Notification dated 16th January 1920.

Notice is hereby given that sealed tenders will be received at the office of the Superintending Engineer, Krishnarajasagara, up to 15th February 1920, for the supply of shed materials for the use of Krishnarajasagara Works on the north and south Banks from 1st March 1920 to 28th February 1921.

2. An approximate estimate of quantities required is given against each item in the list.

3. Tenders should be submitted on printed forms which may be obtained from the undersigned's office and accompanied by a list in the form given below, showing the rates at which the different items specified in the list will be supplied.

4. Each tender must be accompanied by a deposit of Rs. 300 as earnest money and be superscribed, tenders for the supply of materials for the north and south Banks in default of which tenders will be rejected. The earnest money of the unsuccessful tenderers will be refunded.

5. The final acceptance of tenders will rest with the Superintending Engineer, who does not bind himself to accept the lowest of any of the tenders or assign any reason whatever for the rejection of any tender.

6. The name of the successful competitor whose tender will be accepted will be posted on the notice board in the undersigned's office, and also intimated to him in the usual course. No enquiries regarding the acceptance or rejection of a tender will receive attention.

7. The rate tendered for each item should be for delivery at work site and separate tenders should be given for north and south Banks.

8. List of approximate quantity of shed materials for the use of north and south Banks of the Krishnarajasagara Works.

Y. ASVATHANARAYANA RAO,
Superintending Engineer.

TUMKUR DIVISION.

Dated 15th January 1920.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Tumkur Division, up to 9th February 1920, for constructing a new tank at Ganadahunsi village, Sira Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1922.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Tumkur, between the hours of 11 A.M. and 5 P.M., on all days except Sundays and holidays.

3. Tenders should be submitted on printed forms, which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. (1,000) one thousand only, in cash or Government Promissory Notes, as earnest money, and be superscribed, "Tender for constructing a new tank at Ganadahunsi, Sira Taluk," in default of which tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer of Mysore, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned, on surrendering the receipt granted therefor.
